

GRADE 9 RATIONALIZED MATHEMATICS SCHEMES OF WORK TERM 3

W K	L S N	STRAND	SUB STRAND	SPECIFIC LEARNING OUTCOME	LEARNING EXPERIENCES	KEY INQUIRY QUESTION	LEARNING RESOURCES	ASSESSMENT METHODS	REFL
1	1	GEOMETRY	Coordinates and graphs	By the end of the lesson the learner should be able to: -plot out points on a Cartesian plane -draw a straight line graph given an equation -appreciate use of graphs	The learner is guided to: -plot out points on a Cartesian plane -draw a straight line graph given an equation	how do we draw graphs on straight line?	Mentor Maths Grade 9 page 166	oral questions written questions	
	2	GEOMETRY	Coordinates and graphs	-identify parallel lines -draw parallel lines on the Cartesian plane -appreciate use of graphs	-identify parallel lines -draw parallel lines on the Cartesian plane	How do we draw parallel lines?	Mentor Maths Grade 9 page 166	oral questions written questions	

3	GEOMETRY	Coordinates and graphs	-draw parallel lines on the Cartesian plane -relate the gradients of parallel lines -appreciate use of graphs	-draw parallel lines on the Cartesian plane -relate the gradients of parallel lines		Mentor Maths Grade 9 page 166		
4	GEOMETRY	Coordinates and graphs	-identify perpendicular lines -draw perpendicular lines on the Cartesian plane -appreciate use of graphs	-identify perpendicular lines -draw perpendicular lines on the Cartesian plane	How can we draw perpendicular lines?	Mentor Maths Grade 9 page 166	-oral questions -written questions	
5	GEOMETRY	Coordinates and graphs	-relate gradients of perpendicular lines -apply graphs of straight line in real life situation	-relate gradients of perpendicular lines -apply graphs of straight line in real life situation	How do we interpret graphs of straight lines?	Mentor Maths Grade 9 page 166	-oral questions -written questions	

				-appreciate use of graphs					
2	1	GEOMETRY	Scale drawing	-identify compass and true bearings in real life situations -draw and discuss the compass and true North bearings -appreciate the use of scale drawing in real life situations	-identify compass and true bearings in real life situations -draw and discuss the compass and true North bearings	How many directions does a compass has?	Mentor Maths Grade 9 page 180	-oral questions -written questions	
	2	GEOMETRY	Scale drawing	-determine the bearing of a point from another point in real life situation -sketch and use scale drawing to show the position of places from	-determine the bearing of a point from another point in real life situation -sketch and use scale drawing to show the position of places from given points	How do we determine the bearing of a point?	Mentor Maths Grade 9 page 180	-oral questions -written questions
